**GUEST SPEAKER**  
Hillary Orr and Raymond Hayhurst from the City of Alexandria presented their Complete Streets proposal for Cameron Station Boulevard and Brenman Park Drive. This project idea was not originally designed for Cameron Station but was developed based on concerns and requests from community members. The purpose of this plan is to make the roads friendly and safe for all (pedestrians, cars, bikes, etc.) and includes ideas for the reduction of one traffic lane on CSB, the addition of a bicycle lane and increased street parking.

**RESIDENTS’ OPEN FORUM**  
Many community residents posed questions, comments and concerns both for and against this project idea, including the process in which information regarding this would be distributed, what the next steps are in the decision-making process and how/when this would be decided upon.

With no further business to discuss, the meeting adjourned at 8:57 p.m.
