The Community Association Banc operating account had a balance of $460.26 and the First Association Bank operation account had a balance of $184,914.11. Based on this statement the Access National Money Market account had a balance of $30,180.87 and the Smith Barney Money Market account has a

Balance Sheet:
The Accounts Receivable Residential Assessments account as of December 31, 2008 was $101,249.02. This reflects a delinquency rate of approximately 5.38%, which is slightly above the industry standard of 5%. Accrued Reserves total $1,234,473.08 and are fully supported by cash and investments. This signifies that the Association is in a healthy financial position.

Income Statement Report:
The Income Statement report reflects a year to date income of $2,011,596.18 which is $28,060.26 above the budgeted amount of $1,983,585.92. The year-to-date expenses are $1,894,253.94 which is $89,281.98 below the budgeted amount of $1,983,535.92. While the overall expenses are below the budgeted amount, there are a few items that I would like to bring to your attention, as they exceed the year-to-date budgeted amount by more than $1,500.

- **Other Communications**, line item #5820, exceeds the budgeted year to date amount by $5,013.92. This is due to two GAM Printing invoices totaling $5,946.56 for Policy Resolution mailing and the mailing of the 2009 Budget totaling $3,211.00.
- **Printing/Copying**, line item #5015, exceeds the budgeted amount by $5,932 year to date. This is due to the printing of Welcome Packet folders in August and the printing of the DMS totaling $3,592.00.
- **Cost of Collection**, line item #5074, exceeds the budgeted amount by $1,916.77 year to date. This is due to an increase in certified letters mailed to CSCA homeowners regarding late assessments.
- **Legal fees-Collected**, line item #5105, exceeds the budgeted amount by $9,478.48 year to date. This is due to an increase in outstanding assessments.
- **Special Community Projects**, line item #5605, exceeds the budgeted amount by $2,135.71 year to date. This is due to the cost associated with the renovation plan by RustOrling.
- **Common Area Lighting Maintenance**, line item #6102 exceeds the budgeted amount by $6,562.30 year to date. This is due partly to the repair of an exterior circuit at the Cameron Club.
- **Casual Labor**, line item #6365, exceeds the budgeted about by $1,815.90. This is due to a couple maintenance projects at end of the year.
- **Access System Supplies**, Line item #7304, exceeds the budgeted amount by $3,583.10 due to the increase in price of facilities cards and additional staff training.
- **Common Area Electric**, line item, #5915, exceeds the budgeted amount by $16,760.53 year to date. This item has been increased significantly in the 2009 budget.
- **Landscape Maintenance**, line item, #6001, exceeds the budgeted amount by $18,970.61 year to date. This increase is mainly due to an invoice in the amount of $7,426.13 for flower installation which was approved by the Board, as well as additional costs replaced to the pruning and/or removal of trees. The FY2009 Budget has extra money in this line item for cot incurred in additional to the landscape maintenance contract.
- **Community Activities**, line item #5601, exceeds the year to date budgeted amount by $13,570.02. This is mainly due to the unbudgeted funds for the 10th Anniversary Event approved by the Board.
• **(Club)Utilities**, line item #7323, exceeds the year to date budgeted amount by $5,326.45. This is due to Virginia American Water and Dominion Virginia Power increasing their rates in 2008. This line item has been increased for FY2009.

Overall, there is a positive variance between year to date income and expenses in the amount of $117,342.24. As always, we will continue to closely monitor the monthly expenses for the Association and will advise the Board of any specific issues that may have an impact to the budget.
